

# TRAINING COURSES

“

As a startup company, KAYSER Automotive Systems has relied upon the professionals at Pearson Safety Solutions to aid us in our safety policies and practices. They work with us to become OSHA compliant and continue to monitor our facility as we grow. Their outstanding customer service and training sessions make them a leader in this industry. We look forward to working with Pearson Safety in the years to come.

**Chris Payne**  
*HR Manager, KAYSER Automotive Systems*

## Why Hundreds of Companies Choose Pearson Safety Solutions

### 1. Safer, more compliant workspaces

Training that focuses on safety practices not just class material

### 2. Technology for on-demand access

e-Learning makes it easy to train anytime, anywhere

### 3. Attentive personal service

Fast access to big company expertise combined with small company service

### 4. Superior value at competitive prices

Instructors with an average of 15 years of on-the-job experience

# 100+ Industrial Safety Training Courses

Keeping your workplace safe starts with effective training. PSS delivers a deep and comprehensive library of instructor-led and on-line safety training courses tailored to the unique needs of clients across the US and Canada in industry sectors including manufacturing, construction, distribution, and oil and gas. Because we all want our teams to leave the workplace at the end of their shift no worse than being a little tired from the day's work.

That's why since 2005 hundreds of companies have retained Pearson Safety Solutions to link safety with their workplaces.
